Pattern Placement Diagram

Back

Front

Always tape, poke, and carve SHADOW pattern first.

WITCHES & GHOST TIPS

1. Tape pattern in position, as shown by diagram above.
2. Save pattern and tips. Refer to while carving.
3. Scrape shadow area to about 1/2" thick.
4. After carving shadow, place a lit candle in the pumpkin.
5. Look through the carving toward the wick. Notice the extra flesh between where you see the wick and the outer, cut edge of the pumpkin. This extra flesh will distort the shadow.
6. Saw with a downward, diagonal stroke to remove the extra flesh.

HOCUS POCUS TIPS

1. Tape pattern in position as shown by diagram.
2. Save pattern and tips. Refer to while carving.
3. For best results, carve design in the following order:
 - Carve the kettle first, then carve around the witches. Finally carve around circle and the trees.
4. Remove large pieces in parts as indicated by the gray dashed lines. Carve light gray dashed lines first then dark gray lines
